“Health care is broken. We have set up a delivery system that is fragmented, unsafe, not patient-centered...We built it wrong. It isn’t built for modern times.”

Dr. Donald Berwick

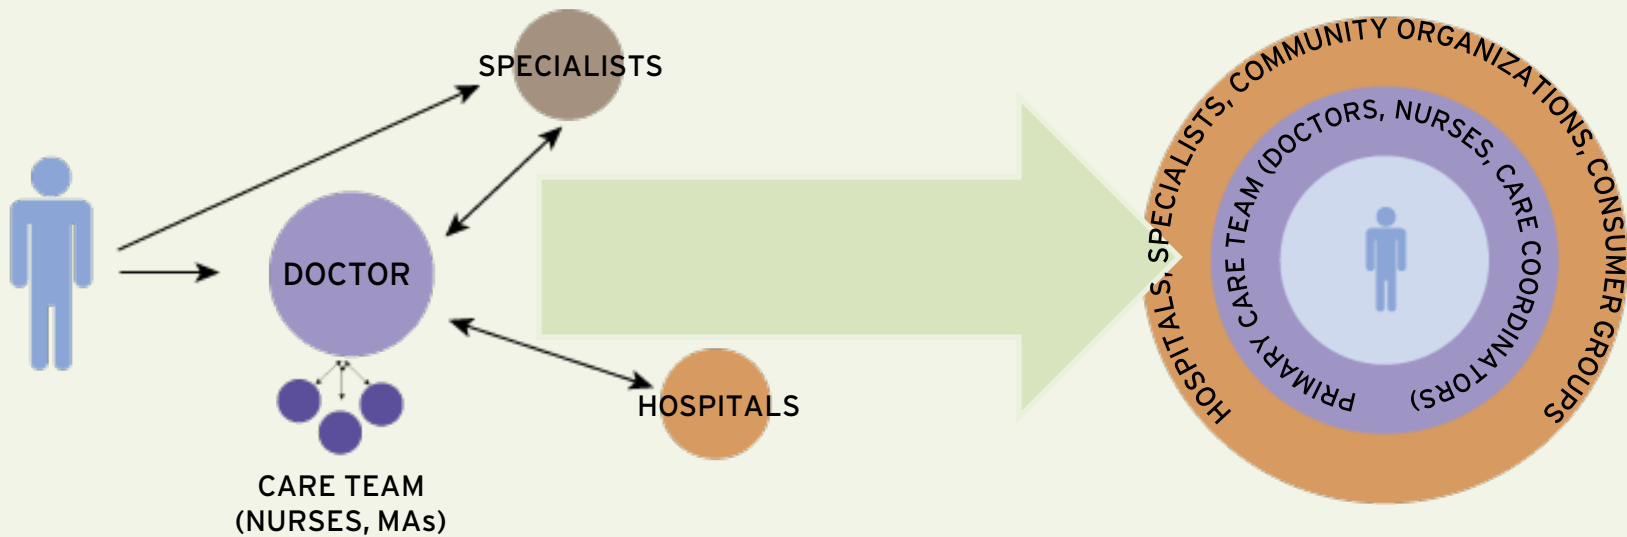

HAWAII PRIMARY CARE ASSOCIATION

TRANSFORMATION

Move our health care system away from
acute, incident-based delivery to a
more **proactive, wellness-oriented,**
consumer-engaged model.

TRANSFORMATION

PATIENT-CENTERED HEALTH CARE HOME

- Patient-Driven
- Enhanced Access to Care
- Team-based delivery
- Care Coordination
- Integrated and Holistic

PATIENT-CENTERED HEALTH CARE

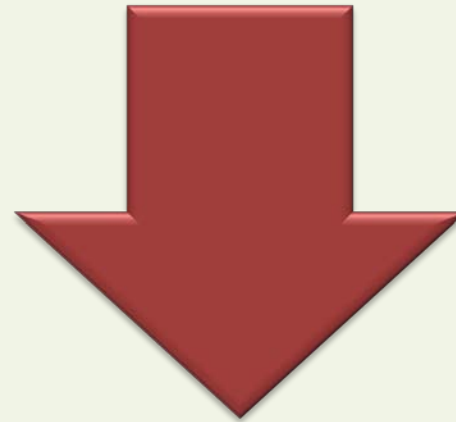

As we work with **individuals** to better understand and **manage** their **health**, we gain the ability to **improve outcomes** and control **costs** for the **population** as a whole.

PATIENT-CENTERED HEALTH CARE

**AS
OUTCOMES
IMPROVE**

**COSTS
COME
DOWN**

DEFINITIONS / REQUIREMENTS

- **National Committee for Quality Assurance (NCQA)**
- **American Academy of Family Physicians (AAFP)**
- **State Plan Option Collaborative (SPOC/SPA/ACA)**
- **HMSA**

ROLE OF HPCA

Community Health Centers as Leaders in Patient-Centered Care

- Comprehensive, integrated services
- Quality improvements engineered by health disparities collaboratives
- Adoption of HIT to support registries
- Governed by consumer boards

CURRENT HPCA PROJECTS

- State Plan Option Collaborative
(SPOC)
- CMMI Challenge Grant
- Medicaid Coalition

FUTURE CHALLENGES

- **Develop and implement a state PCHCH model**
- **Patient care coordination**
- **Payment reform**
- **Consumer engagement**
